

www.corsign.com.au

Our Company

Established in 2010, we are a new and vigorous company that aims to have significant involvement in the project requirements of Shires and Minicipal Councils, Mining Companies, Government Authorities and other general business enterprises across Australia.

Currently operating from Malaga, Western Australia, our focus is to maintain a business environment that is based on quality practises that produces quality products at a competitive price for our customers.

Indigenous Ownership

Corsign is very proud of its collaboration with the Martidja Banjyima community (MIB) which has led to MIB Enterprises now holding a 25% share of the Corsign business.

As a supplier to the Western Australian mining industry, we believe that having traditional owners of the Pilbara region as shareholders and board members adds great value to our business and we look forward to MIB's continued and growing involvement in Corsign.

Our Experience

Our knowledgeable team have over 30 years experience within the signage industry in a variety of areas including:

- Design
- Manufacture
- Installation
- Road Furniture
- Safety Products

It is this knowledge and experience that allows us to provide exceptionally quick turnaround times for our clients from order to production to installation for any jobs, big or small.

Our Service Model

Our business wide commitment to serving our customers is a key element in our ongoing success and growth strategy. At Corsign we understand that, to achieve our goals we must continue to build and grow relationships with all of our customers and as such excellence in customer service is not just something we talk about... it's something we do.

Proudly WA Owned & Operated
